Module 1: Introduction to databases and Microsoft Access 1

Contents 2

Module overview 4

 Description 4

 Scenario 5

 Cornerstone 6

Lesson 1: Overview of databases 7

 Overview 7

 Warm-up 7

 Topic 1: Understand the purpose of a database 8

 What is a database? 9

 Why do you need databases? 9

 Activity: Think-pair-share 10

 Try-it: Understand the purpose of a database 11

 Topic 2: Define database terms 12

 Common terms around databases 12

 Activity: Terminology matching 18

 Try-it: Define database terms 18

 Topic 3: Explore data sources 20

 What are data sources? 20

 Activity: Discuss and learn 22

 Try-it: Explore data sources 23

 Wrap-up 24

Lesson 2: Designing databases 26

 Overview 26

Warm-up 26

Topic 1: Overview of database design guidelines 28

 Designing a good database 28

 Activity: K-W-L 30

 Try-it: Overview of database design guidelines 31

Topic 2: Develop table plans 33

 Forming tables 34

 Activity: One step back, two forward 35

 Try-it: Develop table plans 35

 Wrap-up 37

Lesson 3: Understanding Access basics 38

 Overview 38

 Warm-up 38

 Topic 1: Explore the Access environment 39

 Navigation Pane 40

 Activity: Each one, teach one 41

 Try-it: Explore the Access environment 41

 Topic 2: Explore an Access file 43

 Naming conventions 43

 Activity: Rapid fire quiz 45

 Try-it: Explore an Access file 46

 Topic 3: Open Access objects 49

 Activity: Show me how 50

 Try-it: Open Access objects 50

 Wrap-up 52

Glossary 54

Cornerstone.....	57

Module 2: Designing and setting up data structure..... 1

Contents	2
Module overview.....	4
Description.....	4
Scenario.....	5
Cornerstone.....	5
Lesson 1: Starting the database design. 6	
Overview	6
Warm-up.....	6
Topic 1: Organize related data	7
The design process.....	7
Dividing the information into tables	
.....	7
Turning information items into	
columns	8
Activity: Think-pair-share	9
Try-it: Organize related data.....	9
Topic 2: Overview of data types.....	10
Activity: Pose a challenge.....	12
Try-it: Overview of data types	12
Topic 3: Create primary keys	13
Specifying primary keys.....	13

Designing and setting up data structure

Setting a primary key	13
Remove the primary key	14
Activity: Discuss and learn	15
Try-it: Create primary keys	15
Wrap-up.....	16
Lesson 2: Starting an Access database. 17	
Overview.....	17
Warm-up	17
Topic 1: Create an Access file.....	18
Create a database by using a	
template.....	18
Create a blank database.....	18
Compact and repair a database	19
Explore ways to compact and repair	
a database	19
Activity: Discuss and learn.....	20
Try-it: Create an Access file	21
Topic 2: Create a table.....	21
Add a table.....	21
Copy data from another source	22
Import, append, or link to data from	
another source.....	23
Activity: Show and tell.....	25
Try-it: Create a table	26
Topic 3: Use AutoNumber and set the	
primary key	26
Activity: Pose a challenge.....	27
Try-it: Use AutoNumber and set the	
primary key	28
Wrap-up.....	29
Lesson 3: Creating table fields	30
Overview.....	30

	Designing and setting up data structure
Warm-up.....	30
Topic 1: Create text fields	31
Adding fields.....	31
Activity: Show and tell	34
Try-it: Create text fields.....	34
Topic 2: Create numeric fields.....	35
Activity: Discuss and learn.....	36
Try-it: Create numeric fields	37
Topic 3: Create Date/Time fields.....	37
Understand Date/Time fields.....	38
Restrict data input by using validation rules.....	39
Activity: Tell a story.....	41
Try-it: Create Date/Time fields	41
Topic 4: Create Yes/No fields	42
Activity: Pose a challenge.....	43
Try-it: Create Yes/No fields.....	43
Wrap-up.....	44
Glossary	45
Cornerstone.....	46
Overview	46
Objectives.....	46
Duration	47
Instructions	47
Tasks.....	47
Module 3: Adding and editing data ..	1
Contents	2
Module overview.....	4
Description.....	4
Scenario.....	5
Cornerstone.....	6
	Lesson 1: Using datasheets
	Overview.....
	Warm-up
	Topic 1: Navigate datasheets.....
	What’s a datasheet?.....
	Navigating a table datasheet
	Hide and unhide fields in datasheets
	Add Total rows to datasheets
	Activity: Follow me
	Activity: Show me how.....
	Try-it: Navigate datasheets
	Topic 2: Add and edit records
	Add records to a table
	Add a new record
	Notes about key (ID) fields.....
	Edit records in a table
	Recognize data entry symbols.....
	Entering dates
	Delete a record in a table
	Use undo when editing and deleting records
	Activity: Show me how.....
	Try-it: Add and edit records.....
	Try-it 1.....
	Try-it 2.....
	Wrap-up.....
	Lesson 2: Importing, sorting, and filtering data
	Overview.....
	Warm-up

	Designing and setting up data structure
Topic 1: Copy data from Excel	32
Activity: Show me how	37
Try-it: Copy data from Excel	37
Topic 2: Import a table from an Access database	38
Activity: Pair and share	42
Try-it: Import a table from an Access database	42
Topic 3: Sort and filter data	43
Sorting records	43
Sort records in a datasheet	43
Filtering records	44
Filter records in a datasheet	46
Clear a filter	48
Activity: Discuss and learn	49
Try-it: Sort and filter data	50
Wrap-up	53
Lesson 3: Improving data-entry efficiency	54
Overview	54
Warm-up	54
Topic 1: Use Find and Replace	54
Activity: Think-pair-share	56
Try-it: Use Find and Replace	58
Topic 2: Add default values and values list fields	59
Add a default value	59
Add a new values list field	61
Change an existing field to a values list field	64
Activity: Think-pair-share	68
Try-it: Add default values and values list fields	68
Topic 3: Create and use forms	71
Activity: Experimentation	82
Try-it: Create and use forms	84
Try-it 1	84
Try-it 2	85
Wrap-up	86
Glossary	89
Cornerstone: Add and edit data	91
Overview	91
Objectives	91
Duration	92
Instructions	92
Tasks	92

Module 4: Asking questions of data.. 1	
Contents	2
Module overview	4
Description	4
Scenario	5
Cornerstone	5
Lesson 1: Introducing queries	6
Overview	6
Warm-up	6
Discussion	6
Topic 1: Overview of queries	7
Create a query by using the Design view	8
Select source tables	8

Select basic query fields	10	Designing and setting up data structure	
Sort and display query fields	11	Warm-up	38
Observe some table data	11	Discussion.....	38
Observe some queries.....	12	Topic 1: Modify fields in a query	39
Review your query results.....	15	Add a table to a query	39
Activity: Show me how.....	17	Add criteria to a query.....	41
Try-it: Overview of queries.....	19	Hide a query field	41
Try-it 1	19	Activity: Show me how.....	42
Try-it 2.....	19	Try-it: Modify fields in a query.....	42
Try-it 3.....	20	Try-it 1.....	42
Try-it review	22	Try-it 2.....	43
Topic 2: Create a simple query with Query Wizard	23	Try-it 3.....	43
Use the Query Wizard	23	Topic 2: Sort and filter data in a query	44
Activity: Show me how.....	27	Sort data in a query	44
Try-it: Create a simple query with Query Wizard.....	28	Filter data in a query.....	45
Try-it 1	28	Activity: Show me how.....	46
Try-it 2.....	29	Try-it: Sort and filter data in a query	47
Try-it 3.....	29	Try-it 1.....	47
Try-it review	30	Try-it 2.....	48
Topic 3: Use Save Object As	31	Try-it 3.....	48
Save a query from the Design view	31	Topic 3: Delete a query	49
Save a query from a design wizard	32	Delete a query object.....	49
Resave a query with a new name..	34	Activity: Show me how.....	50
Activity: Show me how.....	36	Try-it: Delete a query.....	51
Try-it: Use Save Object As.....	36	Wrap-up.....	52
Wrap-up.....	37	Glossary	53
Lesson 2: Modifying queries	38	Cornerstone	54
Overview	38	Overview.....	54
		Objectives.....	54
		Duration.....	54

Instructions	54	Designing and setting up data structure	
Tasks	55	Overview	17

Cornerstone_csa_starter.accdb.....	55	Discussion.....	17
Module 5: Understanding reporting basics	1	Topic 1: Configure view and print settings.....	17
Contents	2	Change print options	18
Module overview.....	3	Change the report layout.....	19
Description.....	3	Activity: Show me how.....	20
Scenario.....	3	Try-it: Configure view and print settings.....	20
Cornerstone	4	Try-it 1.....	20
Lesson 1: Understanding reporting basics	5	Try-it 2.....	21
Overview	5	Try-it 3.....	21
Warm-up.....	5	Topic 2: Add and format report elements	22
Activity: Think-pair-share	5	Activity: Show me how.....	24
Topic 1: Create a basic report	6	Try-it: Add and format report elements.....	25
Activity: Show me how.....	8	Try-it	25
Try-it: Create a basic report.....	8	Wrap-up.....	26
Try-it.....	9	Glossary	27
Topic 2: Customize report structure ...	9	Cornerstone.....	27
Customize a report using the Report Wizard	9	Overview	27
Add images to a report.....	12	Objectives.....	27
Activity: Show me how.....	13	Duration.....	28
Try-it: Customize report structure.	14	Instructions.....	28
Try-it 1	14	Tasks.....	28
Try-it 2	14	File 1:	
Try-it 3	15	Cornerstone_csa_starter.accdb	29
Wrap-up.....	15	Module 6: Defining database relationships	1
Lesson 2: Preparing reports for viewing and printing.....	17	Contents.....	2
		Module overview	4

	Designing and setting up data structure
Description.....	4
Scenario.....	5
Cornerstone.....	5
Lesson 1: Understanding relationship basics	6
Overview	6
Warm-up.....	6
Topic 1: Explore the role of relationships	7
Understand table relationships.....	7
Activity: Discuss and learn.....	9
Try-it: Explore the role of relationships.....	10
Topic 2: Identify relationship types... ..	10
Understand “one to many” relationships.....	10
Understand “many to many” relationships.....	11
Understand “one to one” relationships.....	11
Activity: Each one, teach one	12
Try-it: Identify relationship types ..	12
Topic 3: Add foreign keys and understand referential integrity	13
Use foreign keys in a “one to one” relationship.....	15
Referential integrity.....	16
Activity: Show and tell	18
Try-it: Add foreign keys and understand referential integrity.....	18
Try-it 1	18
Try-it 2.....	19
Wrap-up.....	19
Lesson 2: Creating and modifying relationships	21
Overview.....	21
Warm-up	21
Topic 1: Use the Relationships window	22
Activity: Pose a challenge	26
Try-it: Use the Relationships window	26
Try-it 1.....	27
Try-it 2.....	27
Topic 2: Define table relationships....	28
Define a “one to many” relationship	28
Define a “one to one” relationship	31
Define a “many to many” relationship	32
Correct referential integrity issues when defining a relationship	34
Activity: Show and tell.....	35
Try-it: Define table relationships... ..	35
Topic 3: Delete and modify relationships.....	36
Delete a relationship.....	36
Modify a relationship	37
Activity: Discuss and learn	38
Try-it: Delete and modify relationships	39
Try-it 1.....	39
Try-it 2.....	40
Wrap-up.....	40
Glossary	42

Cornerstone.....	43	Designing and setting up data structure	
Overview	43	Topic 2: Create a parameter query ...	14
Objectives	43	Create a parameter query.....	14
Duration	43	Activity: Think-pair-share.....	18
Instructions	44	Try-it: Create a parameter query...	18
Tasks.....	44	Try-it 1.....	18

Instructions	89
Tasks	90
File: Cornerstone_csa_program_starter.ac cdb	90
Task: Create and modify a single- table form (10 points)	90
Task: Create and modify a multiple- table form (11 points)	91
Task: Anchor controls and layouts (5 points)	91

Task: Modify the position of controls on a form (31 points).....	92
Task: Adjust the tab order on a form (9 points)	94
Task: Add a form as a subform to another form (16 points)	94
Module 9: Presenting complex data . 1	
Contents	2
Module overview	4
Description	4
Scenario.....	5
Cornerstone.....	5
Lesson 1: Creating and modifying a report for multiple tables	6
Overview	6
Warm-up.....	6
Topic 1: Create a multiple-table report with the Report Wizard	7
Activity: Discuss and learn.....	11
Try-it: Create a multiple-table report with the Report Wizard.....	12
Topic 2: Modify a report with a subreport	12
Add grouping and sorting in reports	17
Modify report display text with labels.....	18
Modify report elements and positioning.....	19
Activity: Think-pair-share	22
Try-it: Modify a report with a subreport.....	22
Try-it 1	22

Designing and setting up data structure	
Try-it 2.....	24
Wrap-up.....	25
Lesson 2: Customizing reports.....	27
Overview	27
Warm-up	27
Topic 1: Add report controls	28
Add calculated fields	28
Insert images	29
Insert information in page and report headers and footers	30
Activity: Show and tell.....	31
Try-it: Add report controls.....	31
Try-it 1.....	31
Try-it 2.....	33
Topic 2: Work with page and report headers and footers	34
Insert information in report headers and footers.....	35
Activity: Think-pair-share	36
Try-it: Work with page and report headers and footers.....	37
Wrap-up.....	38
Lesson 3: Using alternative outputs for data	40
Overview	40
Warm-up	40
Topic 1: Configure view and print options for records, forms, and reports	41
Configure print options	41
Activity: Think-pair-share	44

Try-it: Configure view and print options for records, forms, and reports.....45

Topic 2: Export a query to Excel, text, and XML.....46

 Export a query to an Excel file46

 Export a query to a text file48

 Export a query to XML.....51

 Activity: Show me how53

 Try-it: Export a query to Excel, text, and XML54

 Try-it 154

 Try-it 2.....55

 Try-it 3.....55
